

## G10q LED Circular Tube Datasheet

**Product benefits**

---

- Energy savings of up to 70% (compared to T8 fluorescent lamp on CCG)
- Maximum resistance to switching loads
- Correct operation even at low temperatures
- Instant 100 % light, no warm-up time
- Extremely break resistant thanks to aluminum heat sink and polycarbonate cover

**Product features**

---

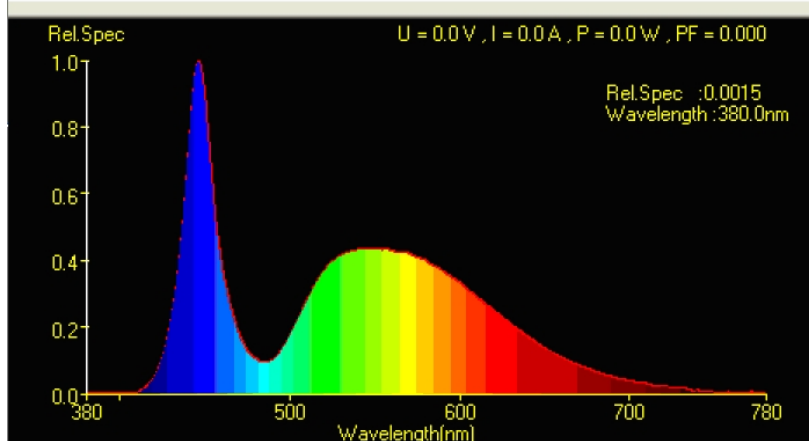

- Aluminum base is excellent for heat-sink transfer and more rigid.
- Patented power supply with wide voltage to suit worldwide market with single version tube.
- Input voltage is 85–265VAC.
- Brightness is even more than conventional lamps when use is normal illumination area.
- Characterized by durable, energy saving, environmental protection and soft ray.
- No RF interference. Solid-state, high-shock and vibration resistant.
- Major reduction in power costs, Maintenance free, easy installation.
- Low power consumption, high intensity

## Test Report :

|            |       |         |           |         |          |          |
|------------|-------|---------|-----------|---------|----------|----------|
| x = 0.3089 | 主波长:  | 485.3nm | 显色性指数     | R1 = 73 | R6 = 67  | R11 = 74 |
| y = 0.3216 | 色纯度:  | 9.2%    | Ra = 73.1 | R2 = 75 | R7 = 81  | R12 = 42 |
