DVR-2114V

4CH H.264 Network

Digital Video Recorder

Now this model have a copy

- Use the standard H.264 video compression format stream lower, high quality, longer recording time, taking up less bandwidth resources
- GUI OSD interface, USB Mouse controller, more intuitive, easier to use for user-friendly
- Support 4ch Full D1 realtime recording resolution, ahead to D1 High-Definition period.
- Dual-stream design,network remote view effects and local recording effects parameters can be set separately,independently of each other.
- Hexaplex operation simultaneously: Preview, recording, playback, backup, network live, mobilephone view
- Multiple record mode: Auto, timer, motion recording mode
- Recording playback support: Normal play, Speed play, Fast back play, Manual single-frame slow play
- Support drag the progress bar can be targeted playback time directly
- Support Multiple channel playback (Support 4CH playback simultaneously, each channel can be enlarge to full screen)
- Support Network function: one IE browser centralized monitoring and CMS Software for multiple DVR (up to 255 DVR simultaneously)
- Support DHCP, DDNS, PPPoE and NTP network service
- Supports remote surveillance up to 10 users simultaneously via the Enternet Explorer web browser
- Support more than 17 kinds protocol of the PTZ control
- Supports Multiple backup mode: USB flash drive, USB hard disk, USB CD/RW and network backup
- Support pre-alarm recording (before 10 sec), not lose any suspicious screen
- Support one SATA HDD, unlimited for the capacity
- Support 1ch audio input
- Support Mobilephone remote view by Symbian; WindowsMobile; Android, system; Iphone; Blackberry.
- Support High-Definition VGA output (VGA and BNC can work at the same time)
- Support IR remoter controller
- Support alarm triggered recording will send alerts matter to the designated email.
- System auto recovery to power after power reconnected, and return to the pre-power-down state
